

Lights Deluxe

Luxuriöse Lichtschalen-Unikate

Product Information

- Every bowl of light is one of a kind
- Delicately handcrafted out of clay, these light bowl are enameled on the outside and layered with several coating of composition silver or gold. The lacquer finish allows for a certain durability on the inside
- The bowls are sometimes shaped unevenly round, which is not a reason for return or reclamation, but rather purposely done by the artist. This improves the individuality of the light bowls

Care Instructions

- The high temperature while burning in the oven ensures a solid rigidity of the artwork. However, especially the delicate edges on the frame of the bowls are very sensitive. Therefore, the bowl should never be picked up at the edges or with just one hand but rather with both hands on the bottom.
- If wax from a candle has spilled inside the bowl, please do not scratch it out! Place the bowl in your freezer instead. This way, the wax can harden and afterwards be cautiously chipped of with your fingernail, holding the bowl slightly downwards.
- We are not liable for any improper handling of the light bowls.
